**PARENT/SPONSOR/GUARDIAN MUST STAY AWAY FROM THE POOL
(AND TESTING INDIVIDUAL) WHILE SWIM TEST IS TAKING PLACE.**

**** Please Read and Sign Below ****

I, _____, authorize the 51st Support Squadron's pool personnel to test the named individual(s) swimming abilities. I understand that once they pass the swim test, they will be allowed to swim at the aquatic facility according to the guidelines and regulations. ** This swim test must be retaken annually, on or after, the first day of the year. If the lifeguard staff believes that the individual's swimming abilities have diminished beyond the minimum required level, they may be asked to take the test again.

- **Power of Attorney Policy:** In order for a person to register a participant that is not legally their own dependent, that person must show a P.O.A. annotating the participants name, signed by the parent/legal guardian.
- **Medical Care Authorization:** I hereby authorize the above individual(s) to receive emergency medical treatment whenever deemed necessary at any U.S. Military medical facility (or any other medical facility when a U.S. Military medical facility is not available).

In consideration for receiving permission to participate in this test, program, class or event, I shall indemnify, waive, release and forever discharge the U.S. Government, the U.S. Air Force, 51st Support Squadron (FSS), and all sponsors, medical support and any other individuals or entities connected in any way with this test, program, class or event from any and all claims for damages, death, personal injury, stolen property or property damage and/or litigation costs/attorney fees arising from or contributing to, in whole or in part, by any act, omission, fault or mistake of the above named persons or entities and their employees or agents, resulting from my participation in this test, program, class or event.

I verify that I have full knowledge of the rigors of this test, program, class or event and the risks involved in participation, including (but not limited to) trip and fall, loss of orientation, exhaustion, dehydration, hyponatremia, fatigue, over-exertion, sun or heat stroke, cold injuries, hypothermia, drowning and any other injuries related to this test, program, class or event. I assert that the above named person(s) are physically fit and have sufficiently trained to complete this test, program, class or event. I realize medical support for this test, program, class or event will consist primarily of first-aid type of assistance, perhaps by volunteer laypersons. This waiver and release shall be binding on my heirs and shall run in favor of the below named person(s) or entities and any individuals in any way connected with this test, program, class or event.

I agree to abide by all decisions of 51st FSS and its designated officials. I have read and understand the contents of this Liability & Publicity Release.

IMPORTANT NOTES:

1: Anyone under the age of 16 that does not pass the swim test must remain within AN ARM'S REACH or TWO STEPS OF AN ADULT/DESIGNATED GUARDIAN (must be 18 or older) and the adult/designated guardian must be in the water whenever the child is in the water.

2: If your child ages 11 - 15 passes the swim test, they may come to the pool unattended, provided they bring their U.S. ID card with them. However, the child must have a telephone and periodic access to a parent/legal guardian while visiting the pool. They **may not** supervise other children under the age of 10 (no exceptions).

3: A child 10 or under that passes the swim test may swim freely in all pool areas; however, a parent/legal guardian (*must be 18yrs or older*) must remain in the facility.
